BRIEF ABSTRACT OF LETTER.

States that the best site for the new Law Courts at Bangalore would be at the North Eastern Corner of the Cubbon Park, opposite to the Post office.

NOTES AND ORDERS.

K V

1 In March 1907, it was decided to build the Law Courts at Bangalore on the site lying South-west of the Revenue Survey Offices and it was consequently ordered to be acquired. But the said site

The new site is a little too far away for litigants and lawyers and officials but this can not be helped.

1. The new High School at Bangalore, having been constructed on the site which was originally intended for the Law Courts building, the Chief Engineer was requested in G.O. N° 11547-8-Ed.n 137-08-10 & 18.5.1909 to select a suitable site in the Cubbon Park. In his letter N° 9650 & 21.11.1910, the Chief Engineer reported that Site N° 4 in plan N° I below, would be suitable for the purpose. The bigger plan II sent up by Mr Krumbiegel in connection with the improvement of the Cubbon Park and the allotment of sites therein, shows more clearly the ground set apart for the Law Courts. This has perhaps to be approved by Govt.

51) The site in question was inspected by the Chief Judge and Mr. Justice Chandrasekhara Aiyar, on the 12th Instant in the company of the Deputy Chief Engineer, Mr. Krishna Iyengar. On the whole, it is conveniently situated, and sufficiently extensive for the purpose in view. But it is rather low even the terrace said to have been selected for building upon being somewhat below the level of the road: this, it is believed, can be made up for by giving a sufficiently high basement to the building. The objection that the back of the Survey Records Office is to the north of the site is, it is understood, proposed to be obviated by forming a new road extending from near Yelahanka Gate behind the District Office and joining on to the Cubbon Park near Seshadri Memorial Hall. If these suggestions are given effect to, the Judges have no objection to the selection of the site in question.

Sir,

Adverting to para 3 of Government Proceedings No. 11547-8 Edn.137-08 of 18th May 1909 and subsequent reminders, I have the honour to submit herewith a plan showing all the available sites, inside the Cubbon Park grounds, for the proposed Law Court buildings, and to report as follows.

2. Site No.1 is in a very inconspicuous place and, besides, is in the immediate proximity of a Cantonment Police outpost and a private bungalow and cannot therefore be very much recommended.

3. Site No.2 is in an excellent locality but will be far from the District offices where other Courts such as those of the District Magistrate, Sub Division Magistrates, Munsiffs and Sub Judge are held and may not therefore be convenient

for

for the lawyers and the litigant public. Also objections may come from the Residency which is immediately opposite the site.

4. Site No.3 is situated in low swampy ground which has been under garden cultivation for centuries and is within the malarial zone of the Sampige tank.

5. Site No. 4 seems to answer all reasonable requirements. The ground is well drained and along-side of a main road on which there is not much traffic. It is also close to the District Office buildings and may therefore be approved.

I have the honour to be,

Sir,

Dear Mr Balasundaram Iyer,

The type plan of the Cubbon Park called for in your No.J.2575/367-08 dated 5th instant is not forthcoming in the records of this office at present: and this is due to the fact that the plan since returned from the Secretariat has been frequently sent out in connection with proposals for Bandstand, Xmas Fete, extension of the Park, etc.. Now that a larger plan is submitted to Government with my No.452 dated 26th instant. I write to ask whether the former one is still required. If so, I will have a new plan made in place of the old one having been lost.

Yours sincerely
